

# Citizen Vision Goals West Linn Comprehensive Plan

Updated 8.25.20 by the CCI

<b>Proposed 2020 Citizen Vision Goals</b>
1. Maintain and protect West Linn's resources, quality of life and livability.
2. Support West Linn's neighborhood associations and promote citizen involvement in civic life. Foster land use planning and policies that give neighborhoods a voice and <b><u>meaningful role</u></b> in their community's future.
3. Maintain and strengthen trust and credibility in City government.
Preserve and protect West Linn's water resources.
4. Maintain a budgetary process that is fiscally prudent and provides quality and cost-effective City services to the citizens of West Linn. Utilize local business <del>services</del> and resources when practical and feasible.
5. Promote transportation and land use policies, both locally and regionally, that are based on the concepts of sustainability, carrying capacity, safety, and environmental protection.
6. Foster mixed use development in existing business corridor areas to encourage economic development and revitalize neighborhood/community connections.
7. Support future development through master planning processes that balance neighborhood/community desires with economic development appropriate for the geographic location and its attributes <b><u>and meets the needs of the West Linn community.</u></b>
8. Support the 2015 Stafford Hamlet Community Vision Plan and land use policies that respect the unique rural character of Stafford and its connection to surrounding communities.
9. Pursue City policies predicated on the assumption that growth <b><u>should</u></b> pay for its impacts to the community to the extent possible and permissible by law.
10. Protect, preserve and embrace our historical and cultural resources.
